Once again, this was a change made by Colleen, so I would defer to her. Given the late hour, on any change that you cannot agree to, please put the whole statement into the disputed facts. In addition, we cannot at this late hour go through 237 pages of your proposed stipulated facts, sent to us at 4:35 p.m. Therefore, any of those facts you wish to include, please list in plaintiffs' disputed facts. We have sent you our portions, as well as a separate e-mailed document with our comparatively short list of proposed stipulated facts--as I mentioned before, any of our proposed stipulated facts you agree to, please put them in the stipulated portion. Any of those you do not agree to, please paste them into Defendants' disputed facts section.

Thanks

Carrie, we have no information that would allow us to stipulate to the text you added to this paragraph. Can you agree to the paragraph as written and we can add your text as a disputed fact?

10. During the November 7, 2006 general election, the County Defendants were ordered to "track the number of prospective voters that do not have appropriate identification and choose to leave the polling location rather than cast a conditional provisional ballot." [Doc. 241] At least 2,422 voters exited polling places without casting any type of ballot at all after being asked to present Polling ID. Ex. 77-78. There was no way to track the number of those individuals who later returned to the polling location with identification.
