I am a civil rights lawyer working on a case about Arizona's voter registration system. The court has allowed me to write to you in connection with this case and your personal information is not being shared with the public. Any information that you provide to me in response to this letter will be kept confidential pursuant to a court order.

Your voter registration application was rejected under an Arizona law called Proposition 200. We have filed a lawsuit against this law because we believe Proposition 200 blocks U.S. citizens from registering to vote. It also can force people to register twice when they don't include extra paperwork the first time they register.

The right to vote is one of the most important rights in our country. As a U.S. citizen, you have the right to vote equal to all other citizens. It is the goal of the lawsuit to make sure that Arizona accepts voter registration applications from eligible people.
