# THE ADMINISTRATION OF VOTER REGISTRATION IN PENNSYLVANIA

## 2017 REPORT TO THE GENERAL ASSEMBLY

### PENNSYLVANIA DEPARTMENT OF STATE

### JUNE 2018

**Tom Wolf**
**Governor**

**Robert Torres**
**Acting Secretary of the Commonwealth**

COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF STATE

June 30, 2018

Dear Members of the General Assembly:

As Acting Secretary of the Commonwealth, I am pleased to report to you on the administration of voter registration in Pennsylvania for calendar year 2017. I trust you will find this report useful.

Voter registration in Pennsylvania is a joint state-county effort. During 2017, the Department of State (Department) continued its partnership with the state's 67 county election boards and voter registration commissions. The Department collaborates with the commonwealth agencies designated under the National Voter Registration Act of 1993 (NVRA) to administer voter registration programs. The Department supports the agencies by providing needed supplies and conducting training sessions and informational meetings.

The Statewide Uniform Registry of Electors (SURE) system, implemented in Pennsylvania through Act 3 of 2002, is the core application supporting Pennsylvania's voter registration system. As of December 31, 2017, there were approximately 8.4 million registered voters in Pennsylvania.

The Department remains committed to fulfilling its responsibilities under the Help America Vote Act of 2002. The Department will continue to promote voter registration and civic engagement through its outreach efforts across the Commonwealth.

If you have questions about this report, please contact the Bureau of Commissions, Elections and Legislation at (717) 525-5011.

Sincerely,

Robert Torres
Acting Secretary of the Commonwealth

In 2017 the Department of State (Department) worked closely with the public, each of the 67 county voter registration offices, Commonwealth agencies designated with voter registration responsibilities, and voter registration advocacy groups. This report represents a summary of statistics and initiatives that support voter registration administration in Pennsylvania. The most significant initiative during 2017 was the expansion of the web-based service for third party registration organizations to Commonwealth agencies who may now submit voter registrations via the online voter registration system.

All 2017 data referenced in this report is available in its entirety within the "Annual Report Data" section starting on page 17 of this report. Data from previous years can be found in the respective annual reports, which are available online at www.dos.pa.gov.

## Voter Registration Statistics

Through the Statewide Uniform Registry of Electors (SURE) system, the Department maintains a complete list of all registered voters in the Commonwealth. As of December 2017, there were 8,435,015 registered voters. This was a decrease of 211,223 (-2.44%) since December 2016, and an increase of 217,810 (2.65%) since December 2013.

## List Maintenance Activities

In 2017, counties performed regular list maintenance activities within the SURE system, which include the removal of deceased voters and voters who have confirmed that they moved outside of the county in which they were registered. Counties send five-year notices to registrants who have not voted in at least two federal general elections and address verification notices to voters identified by the United States Postal Service as having submitted a change of address to the Postal Service. During 2017, counties sent 184,205 five-year notices and 132,764 address verification notices.

Also, as part of the list maintenance process, county elections officials mail notices to voters who may have moved using information by the United State Postal Service (USPS) through its National Change of Address (NCOA) program. The notices provide an opportunity for the voter to confirm their address or to send an update to county officials. In 2017, 179,624 notices were mailed to voters to confirm or update their address.

Additionally, 480,987 voters who moved were identified by PennDOT when they changed their address with PennDOT. PennDOT sends these address changes to the Department which forwards them to the counties to update their records. As a result of these combined list maintenance activities 667,352 voter registrations were marked “inactive” and 479,245 were cancelled in 2017. A voter is only cancelled after receiving a notice requesting the voter to confirm his or her address, has been placed in inactive status and the voter does not vote or otherwise contact the county for two federal general elections after receiving notice.

## Voter Registration Cancellations

During 2017, the Department recorded 479,245 voter registration cancellations. When a voter registration is cancelled, the record is tagged in the SURE system to identify the reason for cancellation. The SURE system allows counties to track the reason for cancellation based on 14 different classifications as set forth in the chart below.

A voter is marked as inactive if he or she is sent a mailing by the county asking the voter to confirm his or her continued residence, and fails to respond. Voters may be sent the mailings based on data the county receives under the (NCOA) program or when a voter fails to vote for five years. *See* 25 Pa. C.S. §§ 1901(b)(1), 1901(b)(3), 1901(c). All other voters are listed as "active."

*** Prior to the 2014 Annual Report, PennDOT application source codes were included in a generic "Other Means" category.**

## National Voter Registration Act (NVRA)

### Total Agency Registrations

The National Voter Registration Act (NVRA) requires that "(1) Each state shall designate agencies for the registration of voters in election for Federal offices. (2) Each state shall designate as voter registration agencies – (A) all offices of the state that provide public assistance; and (B) all offices in the State that provide State-funded programs primarily engaged in providing service to persons with disabilities."[1] Pennsylvania, through its voter registration law, has incorporated these requirements for all elections.[2]

In light of these mandates, the Department continues to work with the covered agencies to ensure that the requirements of federal and state law are met. Since 2010 the Department has used bar-coded registration forms that allow the Department to identify the source agency of registrations and more

[1] *See* 52 U.S.C. § 20506.
[2] *See* 25 Pa.C.S. § 1325.

accurately track the Department's efforts, and subsequently ensure that agency efforts comply with the requirements of the NVRA and the Pennsylvania voter registration law.

In 2017, the most notable achievement was the adoption of Web API voter registration services for Commonwealth agencies that offer public assistance. On December 2, 2017, the Pennsylvania Department of Human Services (DHS) became the first Commonwealth agency to publicly deploy an online voter registration service with the Department. The agency was able to submit more than 628 applications online before the end of the year.

## Pennsylvania Department of Transportation

Since 1995, the Pennsylvania Department of Transportation (PennDOT) has played an integral role in the voter registration process. This is also known as the "Motor Voter" registration process. In 2003, the process became electronic. The Motor Voter process provides Commonwealth citizens with an opportunity to apply to register to vote while receiving or renewing their driver's license or photo ID at a PennDOT center as well as the opportunity to update their registration in-person and online. The voter registration applications can be grouped into two main groups: 1) Initial applications (otherwise known as new applications); 2) Change of Address applications (otherwise known as change applications).

## Application Process to Register to Vote at a PennDOT Center

- PennDOT customers visit a photo license center with a driver's license application card provided by PennDOT. The application card contains a printed two-dimensional bar code. The bar code is scanned and the computer system determines the customer's age. It then determines which customers will be at least 18 years old by the date of the next election and asks if the customer wishes to apply to register to vote;
- The program is designed to ask customers if they are currently registered to vote. If not, they are provided the opportunity to apply to register;
- Customers must confirm that they are U.S. citizens and qualified to register in the Commonwealth;
- Customers who choose to apply to register to vote are asked to confirm their county of residence and indicate a party preference. The customer is asked for optional information (telephone number and race);
- Customers are advised of the penalty for furnishing false information and are asked to sign a declaration that the information they have provided is true and correct to the best of their knowledge;
- Customers are provided a receipt indicating pertinent information about their voter registration application, including the date on which they applied at the photo license center. The receipt instructs customers to contact their county voter registration office if they do not receive a voter identification card within two weeks.

The completed applications are transmitted electronically by PennDOT's contracted vendor to the Department, which in turn forwards the applications to each county voter registration office via the SURE system. In 2017, 253,985 initial applications and 713,403 change of address applications were sent to county election officials.

PennDOT provides address change information to the Department. The Department forwards the information to the appropriate county voter registration office. In 2017, a total of 967,388 change of address applications were forwarded from the Department to county election officials.

## Online Voter Registration

The Pennsylvania Online Voter Registration (OVR) Application was deployed on August 27, 2015. The OVR application provides residents of Pennsylvania with the opportunity to register to vote or change an existing voter registration online and electronically submit voter registration data to their county voter registration office for processing. The Department actively engaged election stakeholders outside of the Department, such as county election directors, the elections advocacy community, and Pennsylvania citizens. In an effort to ensure that the final product would be universally useable, DOS engaged the Center for Civic Design to review the text and the logical flow of information. The Center also field tested the application in an urban and a rural community. This highly interactive development process results in a better product overall and one that has been embraced by Pennsylvania voters in overwhelming numbers.

As of December 31, 2017, approximately 984,597 voter registration applications were submitted through the OVR application, including 609,984 new applications. During this same period of time, a total of 509,074 new paper applications were submitted to the county voter registration offices.

**Note: Application demographic information may appear to not equal total applications due to the timing of data generation for the annual report.**

## Voter Hall of Fame

The Pennsylvania Voter Hall of Fame program is administered by the Department of State, Division of Elections and Voter Registration. The program was established to promote awareness and encourage all Pennsylvanians to exercise their right to vote. The Voter Hall of Fame publicly honors Pennsylvanians who have voted in at least 50 consecutive November elections. The inductees serve as ambassadors in their communities – they lead by example, encouraging participation in the electoral process.

In 2017, the Department inducted 122 citizens from 9 counties into the *Pennsylvania Voter Hall of Fame*. The 122 new members bring total membership to 22,554, with the membership spanning 67 counties throughout the Commonwealth. As an ongoing recognition, the Department maintains a display on the third floor of the North Office Building in Harrisburg.

## Statewide Uniform Registry of Electors (SURE)

SURE is the centralized voter registration and election management system designed to ensure the accuracy and integrity of the Commonwealth's voter registration records maintained by the election authorities in Pennsylvania's 67 counties. The SURE system is a platform that supports the critical functions of the Commonwealth's elections — from determining voter eligibility to maintaining precinct data to producing poll books. A centralized, uniform registry that is accessible to all county offices greatly enhances the overall accuracy and integrity of the voter registration rolls and the resulting quality of voter services.

### SURE Applications

#### SURE Voter Registration (SURE VR)

The SURE VR application is a used by counties to process and maintain voter registration records and to perform a number of election-related tasks, including the management of vote history, absentee ballots, poll books, election related reports, and voter registration correspondence to voters.

### SURE Portals

#### *Public Portal*

Voters can access the SURE Public Portal through the Department of State website where the department offers them the ability to register to vote online, check their voter registration status, locate their polling place, and retrieve electronic balloting materials for UMOVA qualified voters.

#### *County Portal*

The SURE County Portal provides counties with voter search, provisional ballot processing/certification, and other basic capabilities through a standard web browser rather than the specialized equipment required to access SURE VR. Counties can use the portal for seasonal and temporary staff who may need to access basic SURE functionality around an election day or other busy period of time. Additionally, counties use the portal to upload election results, certify election results, and certify voter registration statistics.

#### *Agency Portal*

The agency portal is used by Department of State personnel to manage elections and campaign finance data. The Department uses the portal to maintain and retrieve the archive of historic election results by the precinct and county, manage nomination petitions, and manage campaign finance records.

#### *Kiosk*

The kiosk is a public portal which is accessed through terminals located in county election offices and at the Department of State. These portals allow the public to electronically submit voter registration applications, submit changes to their current registration, and search public state-wide voter registration rolls.

#### *Web Application Programming Interface (Web API)*

A Web Application Programming Interface (Web API) was developed for individuals and organizations such as Rock the Vote who wish to develop a website designed to gather voter registration application

data during voter registration drives. The Web API application contains the information these organizations need in order to submit voter registration applications in an electronic format versus submitting paper applications. This tool also interacts with PennDOT to capture signatures for valid driver's licenses and sends the Pending Missing Signature correspondence as necessary. A rigorous certification process managed by the Department of State ensures the individuals or organizations wishing to use the Web API tool meet DOS identified testing standards prior to their Web API account being approved.
